Please listen to what we hear every morning before the Soitec Solar Development Project is being built.

One recording is without wind and the other with wind. Wind starts every morning about now.

No unpleasant noise

I58-1

The County of San Diego acknowledges receipt of the sound recordings provided by Mr. Wayne Skains. This comment does not raise specific issues related to the Proposed Project or the adequacy of the environmental analysis in the Draft Program Environmental Impact Report (DPEIR). The DPEIR analyzes the potential impacts of the Proposed Project and found that there would be a less than significant impact related to noise. See DPEIR Chapter 2.6, Noise, for details related to the analysis, impacts, and mitigation.
